

Paulino Bernabe Guitar for Sale

The following details have been sent to us by Richard Hicks. He lives near Williton, between Minehead and Taunton, Somerset. He can be contacted via his email address harpic49@yahoo.co.uk It has E9 on or by the label - which with some brief research would suggest an Estudio E9.

The varnish on the back has faded in one area, otherwise its good, no scratches on the soundboard.

Richard has not put a price on it, so is open to offers. Unfortunately we have no photos.

Richard also has a collection of sheet music:

The music is an odd collection which I inherited from the last owner consisting of standard Spanish to Romantic to Latin American etc.a good selection if one has a broad mind and good technique.
